ABOUT THE EIHS

The Emirates Institute for Health and Safety LLC, (EIHS); is an Environmental, Health, Safety and Medical training and Consultancy Company based in the Emirate of Abu Dhabi.

EIHS is certified by the Abu Dhabi Occupational Safety and Health Center, OSHAD, as a Consultancy Office class B in order to provide support to companies and organizations based in the Emirate of Abu Dhabi with EHS Consultancy Services related to the Abu Dhabi Environment, Health and Safety Management System (AD EHSMS) development, implementation and audit. Throughout this, EIHS empowers employers to comply with local health and safety initiatives in Abu Dhabi and the UAE, which aims to improve the health and safety of the workplace in the UAE.

Moreover, EIHS is certified and fully accredited by the Abu Dhabi Center for Technical and Vocational Education and Training, ACTVET, as a training institute; and is one of the first private institutes in the UAE offering internationally recognized training programs (NEBOSH, IOSH, NASP, CIEH, HIGHFIELD and ISO standards) to improve the safety, health, hygiene and the welfare of workers at workplaces in the UAE. EIHS is also licensed by the Health Authority of Abu Dhabi, HAAD, and is accredited as an international training center for the American Heart Association, (AHA).

The Emirates Institute for Health and Safety LLC, EIHS, has on place an Integrated Management System IMS which was developed on line with the ISO 9001, ISO 14001 & OHSAS 18001, and later on Certified by Bureau Veritas.

EIHS is supported by a highly qualified, experienced team with exceptional educational backgrounds and expertise such as; Faculty Members of world-wide universities, Environmental Scientists, Public Health Experts, Nurses, Nutritionists, Microbiologists and Industrial Hygienists and Occupational Health and Safety Professionals. Our main objective is to contribute to the nation's health and safety by encouraging employers to empower employees to continually improve and maintain the health and safety at the workplace. Our focus is to promote the wellbeing of clients, local communities and the general public who might be impacted by occupational and industrial activities.

In order to attain these goals, EIHS, in collaboration with its national and international partners, provides state of the art programs in Occupational and Industrial Hygiene consulting services, Fire & Rescue Services, Security Services, Roadway Traffic Safety programs, Nutritional Health and various Health Care and Life Support training courses in conjunction with American Heart Association (AHA), Highfield Awarding body for compliance (HABC), and the Chartered Institute of Environmental Health (CIEH).

EIHS VISION & MISSION

VISION

To be the regional representation of excellence in providing a Quality, Effective and Efficient Professional Service in the domain of Health & Safety to our Partners, Clients and the Community

MISSION

The Emirates Institute for Health and Safety (EIHS) of Abu Dhabi in collaboration with its regional and international collaborators will work together to provide education, consultancy, training, research, evaluation and awareness services / programs covering all dimensions of health and safety education in the UAE, including, occupational health, public health, nutritional health, environmental health and roadway traffic safety.

HSEQ POLICY

Emirates Institute for health and safety (EIHS) is training and consultancy Service Provider institute specialized in Health, Safety and Environment field, chartered to enable its clients all over the middle-east region to develop their capabilities and core competencies up to the excellence.

EIHS Top Management is committed to:

- ✿ Achieve the maximum customer satisfaction in all our activities.
- ✿ Prevent injuries and ill health resulted from our activities.
- ✿ Comply with applicable legal and other requirements.
- ✿ Continually improve the effectiveness of our HSEQ system.
- ✿ Prevent environmental pollution

EIHS Management is committed for the achievement the above mentioned policy through the attainment of the following HSEQ goals:

- ✿ Provide and maintain safe and healthy working conditions for all our employees, who are company's most important asset, as well as eco-friendly environment.
- ✿ Establishing a constructive relationship with our customers, suppliers and contractors and enhance their performance as they are importance in achieving our QHSE aims. The best possible QHSE performance shall be achieved through the cooperative effort of all.
- ✿ Regular customer satisfaction will be monitored and analyzed to improve the overall performance.
- ✿ Where there are risks to safety, health and environment, Aspects need to be assessed under specific duty or regulations. We will ensure that our assessments are carried out and that all actions shown to be necessary will be implemented.
- ✿ Undertaking regular audits and inspections on all our activities for continual improvement.
- ✿ Appropriate objectives and targets are established and HSEQ management programs are formulated. The progress and effectiveness of the HSEQ Management programs is regularly monitored and reviewed so that the HSEQMS can be continually improved.
- ✿ EIHS communicates this policy to all employees through training and daily management activities, both to ensure their understanding and to ensure that policy is properly upheld. Our policy is made available to relevant interested parties upon request and through internet website.

Our HSEQ Policy will be reviewed periodically to ensure its continuing suitability.

STRATEGIC PARTNERS / COLLABORATORS

EIHS collaborators:

Collaborator: The National Examination Board in Occupational Safety and Health (NEBOSH)

Website: www.nebosh.org.uk

Description: NEBOSH (The National Examination Board in Occupational Safety and Health) was formed in 1979 as an independent examining board and awarding body with charitable status. We offer a comprehensive range of globally-recognised, vocationally-related qualifications designed to meet the health, safety, environmental and risk management needs of all places of work in both the private and public sectors.

Courses leading to NEBOSH qualifications attract around 35,000 candidates annually and are offered by over 500 course providers, with exams taken in over 100 countries around the world. Our qualifications are recognised by the relevant professional membership bodies including the Institution of Occupational Safety and Health (IOSH) and the Chartered Institution of Water and Environmental Management (CIWEM).

nebosh
Accredited Centre
1053

NEBOSH examinations and assessments are set by its professionally qualified staff assisted by external examiners; most of whom are Chartered Safety and Health Practitioners or Chartered Environmentalists operating within industry, the public sector or in enforcement.

Our technical standards are overseen by a Qualification and Technical Council with representatives drawn from national institutions.

NEBOSH is an awarding body approved by Scottish Qualifications Authority (SQA) Accreditation, which has a UK-wide regulatory remit.

In addition, NEBOSH maintains Investors in People (IIP) status and is also an ISO 9001:2008 registered organisation.

Collaborator: Institution of Occupational Safety and Health (IOSH)

Website: www.iosh.co.uk

Description: The Institution of Occupational Safety and Health (IOSH) is the only Chartered body for health and safety professionals in the world.

Founded in 1945 and have been registered as a charity since 1962. In 2002 we were awarded a Royal Charter.

As the largest health and safety membership organisation in the world, IOSH has more than 44,000 individual members in over 100 countries.

Across the world, two million people die every year as a result of health and safety failures therefore we're committed to creating "A world of work which is safe, healthy and sustainable". That's why one of our main aims is to maintain high standards throughout the profession via the training courses IOSH delivers. IOSH is one of the world's leaders in health and safety training – more than 130,000 people take one of our courses every year.

Collaborator: National Association of Safety Professional (NASP)

Website: www.naspweb.com

Description: The National Association of Safety Professionals is a non-profit membership organization providing training, consultative services, and third-party certifications that validate knowledge, skills and abilities in the area of workplace safety. The National Association of Safety Professionals (NASP) is the United States Division of the non-profit International Association of Safety Professionals (IASP). We currently have approximately 10,000 members with a client list (members, former members, and trainees) of approximately 30,000.

The primary mission of the National Association of Safety Professionals is to provide safety professionals with innovative training opportunities and certification to assist them in carrying out their safety related functions with

confidence while assuring a high level of competence.

The NASP was formed in 2000 by a group of safety professionals. These men and women were safety trainers, consultants, and safety directors who wanted to provide cost effective workplace safety training and consulting to business and industry. The founders also desired to provide professional credentials to safety professionals who were largely self-taught, trained on the job, or educated by independent study. Today our roles include people from every background: from those trained and educated unconventionally to those holding safety related PHDs; from the part-time safety committee member to the international corporate safety director.

Collaborator: Highfield Awarding Body for compliance (UK)

Website: www.highfieldabc.ae

Description: Highfield ABC provides EIHS with:

Highfield Awarding Body for Compliance (HABC) is the UK and Middle East's leading supplier of compliance qualifications and apprenticeships. We offer over 200 qualifications. HABC is regulated by Ofqual, the Welsh Government, the Scottish Qualifications Authority (SQA) and the Security Industry Authority (SIA). HABC is a family-run business, operating on the core values of quality, value, service and integrity.

The Middle East's Leading Awarding organization for Compliance Qualifications and Training Materials. HABC has launched a branch in the UAE which will ensure that customers will be able to enjoy:

- ✓ Accredited qualifications approved by the Regulatory Authorities in the United Kingdom and recognised throughout the world;
- ✓ Fast turnaround times, as qualifications will be marked and certificates distributed in UAE;
- ✓ A global company that is also able to act at a local level due to having a highly skilled team based in the area;
- ✓ Qualifications that have been endorsed by UAE government bodies; and
- ✓ Extremely competitive prices whilst maintaining quality

Collaborator: American Heart Association
Website: www.heart.org

Description: High standards of life support training is given through the American Heart Association, in alignment with Abu Dhabi Police.

innovative research, fight for stronger public health policies and provide lifesaving tools and information to save and improve lives.

The American Heart Association is the nation's oldest, largest voluntary organization devoted to fighting cardiovascular diseases and stroke. Founded by six cardiologists in 1924, our organization now includes more than 22.5 million volunteers and supporters working tirelessly to eliminate these diseases. We fund

American Heart Association

Learn and Live

Our nationwide organization includes 144 local offices and nearly 2,700 employees. We moved our national headquarters from New York to Dallas in 1975 to be more centrally located. The American Stroke Association was created as a division in 1997 to bring together the organization's stroke-related activities.

Collaborator: Business Continuity Institute (BCI)
Association Website: www.thebci.org

Description:

Established in 1994, the BCI has established itself as the leading membership and certifying organization for Business Continuity (BC) professionals worldwide.

The BCI offers a wide range of resources for business professionals concerned with raising levels of resilience within their organization or considering a career in business continuity.

With circa 8,000 members in more than 100 countries worldwide, working in an estimated 3,000 organizations in private, public and third sectors, the BCI truly is the world's leading institute for business continuity.

The BCI stands for excellence in the business continuity profession and its certified grades provide assurance of technical and professional competency in BC.

The BCI Partnership, through corporate membership, offers organizations the opportunity to work with the BCI to promote best practice in business continuity and to raise their corporate profile in the global BC arena. The BCI Corporate Partnership currently has approximately 120 Partners worldwide.
