

Health and Safety Management System for Hair Dressing and Beauty Salons in Abu Dhabi Emirate

FACT SHEET

Who should attend this course?

The Health and Safety Management System for Hair Dressing and Beauty Salons in Abu Dhabi Emirate is a course designed and targeted specifically for people working at salons and beauty centers.

It is a mandatory training program raised by the Abu Dhabi Municipality which mandates a hygiene certification to all workers in this field of work by getting trained in basic hygiene and safety measures.

What will they get out of it?

As part of this mandatory training, attendants across the Abu Dhabi city and rest of the Emirate, will be educated on sterilising equipment, the safe use of equipment, the use of safe products and cosmetics, and stay away from hazardous ones like black henna, the importance of keeping premises clean, to implement a system that keeps track of product expiry dates and the discard of the expired ones, among another important topics.

What will their employer get out of it?

- To comply with the Abu Dhabi Municipality regulations on matters of H&S on Salons.
- Having personnel more qualified on H&S matters.

The training program covers:

The course is divided in four important parts:

- ✿ **Part 1.** Infectious Diseases & Personal Hygiene.
- ✿ **Part 2.** Salons & Beauty Centers Cleaning and Hygiene.
- ✿ **Part 3.** Health Conditions for Hair Salons and Beauty Centers.
- ✿ **Part 4.** Practical Training on Hygiene and Safety in Barber Shops and Beauty.

Timetable 6-hour course

End of course assessments:

- A 15-question multiple-choice assessment paper (30 minutes)
- The passing rate is 10 out of 15

Certification

For delegates who attend the course and successfully complete and pass the written and practical assessments, are awarded an Health and Safety Management System for Hair Dressing and Beauty Salons in Abu Dhabi Emirate certificate.
